NEW Field Chaps  
(with snake protection)

SKU: PFG-CHP1 (standard model) MSRP: \$97.99  
SKU: PFG-CHP1-VP (“Viper” model) \$140.99

These new field chaps are the perfect addition to your upland gear. Both models have double layer nylon fabric from knee to ankle, while the “Viper” model features a 3<sup>rd</sup> layer of abrasion and puncture resistant SuperFabric® sandwiched between the shell fabric.

- Reinforced, water repellent 1000D nylon fabric
- Double layer fabric from knee to ankle
- “Viper” model has additional SuperFabric® embedded in lower leg for maximum snake protection making it 96% more puncture resistant† than double layer oil tin canvas chaps
- Articulated knee for easier bending of the leg
- Heavy duty ¾ length YKK brass zipper and snaps
- Blaze orange zipper cover flap keeps mud out of the zipper while increasing visibility and safety
- Adjustable belt buckle straps for a perfect fit
- Double stitched cuffs prevents wear and tear
- Bonded nylon thread for improved durability
- LIFETIME Warranty

**Why use SuperFabric®?** Rock-hard epoxy resin armor plating bonded to 600D fabric is virtually impenetrable to snake fangs. The 18 mil gaps between the armor plates allows for flexibility but is far narrower than the typical width of rattlesnake fangs.

SuperFabric® (only in PFG-CHP1-VP “Viper” model) armor plating is both abrasion and puncture resistant
